

Evaluation of the second visit in Finland

Comenius teachers visited at Vehmasmäki school (23rd and 24th of February). Here are some pupils evaluations after the visit.

Teachers from six countries visited in our school. We sang a song "Ystävyys on yhteistä työtä" with 1st class and 3rd class played instruments. After that we sang "Heal the world". We made "rhythm egg" with visitors and they took lot of photos from us.

Kerttu (2nd class)

I spoke English language with visitors. They were really nice. We were online in radio show in Wales.

Kasper (2nd class)

I met visitors from six European countries. I learned to say "hyvää päivää" of different languages. "merhaba, buenos dias, how do you do, bonzorno, bona ciua, guten tag."

Camilla (2nd class)

We had a welcome show in the gym. We sang a song. One of the visitors threw a snow ball to the window and it is illegal in our school. We laughed a lot!

Moona (2nd class)

It was nice to meet teacher from Germany. Her pupils are our friends and we have written letters to them. It is also nice to learn things from other countries.

Tatu (2nd class)
